

# Science Careers Symposium

## Permission Form

This year's Science Careers Symposium will be held in the 11-12 Auditorium on Friday, February 15<sup>th</sup>. You will have the opportunity to hear from at least four local professionals from fields that include medicine, computer science, and engineering. The program will start at 8:30 am and will be over at approximately 11:00 am. As that day is an early dismissal day, the program will begin during period 2 and will end at the end of period 6 or shortly into period 7. (See Bell Schedule, below.) We ask that you report to the 11-12 Auditorium directly following period 1, so that everyone can be seated and settled before the presentations begin.

In order to be admitted to the Symposium, it is important that you have your teachers sign in the spaces below to indicate that they are giving you their permission to attend during that class period. Please bring your completed forms to Mrs. Howard or Mrs. Hornibrook no later than Thursday morning in homeroom (February 14). One of them will sign to indicate that you may attend. **THIS COMPLETED, SIGNED FORM IS YOUR "TICKET" INTO THE SYMPOSIUM.** Please plan to stay for the entire event. If you have questions regarding that, please contact Mrs. Hornibrook or Mrs. Howard.

Teachers, thank you, in advance, for allowing our students to participate in this worthwhile program.
