

Dear Parents,

The communication between home and school plays an essential, and direct, role in student success. Therefore, every year I make it my top priority to keep my students' families current on all classroom and school happenings.

To achieve this goal, I will be utilizing an online communication tool/app called "Class Tag", in addition to the traditional (and frequent) e-mail and paper correspondence that will come your way. This new, innovative, and secure e-platform does it all! It will allow me to periodically send out important (and sometimes last minute) classroom updates, schedule conferences, post photos to our page that you can "like" and post a comment (similar to Instagram), and coordinate sign-ups for class parties, field trips, and the like. It can be accessed easily from any smartphone or desktop, and will be your go-to for any FAQ's! To get started, simply follow the instructions provided by Miss Gregory that are specific to you and your child.

It is my hope that this tool will allow for seamless and thorough communication between home and school, and will help us work collaboratively to make this a memorable school year! Should you have any questions, or need your access code once more, please do not hesitate to contact me.

Sincerely,
Miss Gregory
