

BREAKFAST AFTER THE BELL

Washington TWP Food Service provides all preschool students with **BREAKFAST AFTER THE BELL**. Our preschool students are served breakfast in their classrooms after they arrive at school. The students have ample time and opportunity to eat breakfast in their classroom

before beginning their day. Our menus consist of an assortment of cold and hot breakfasts daily, along with fresh fruits and milk.

At the elementary, middle and high school levels, breakfast is available daily as well but **BEFORE THE BELL**. The middle and high school students may get and eat their breakfast in the cafeteria **before** the bell rings. Our elementary students get their breakfasts from our TWP mobile carts and eat in their classrooms before the beginning of their school day.

Breakfast is \$2.50 for students.

Breakfast is an essential beginning to a student's day, and we are thrilled to be able to serve the students of Washington TWP.

Please call our office at 856-582-4010 with any questions. Thank you for your support.
