

NJ TRANSFER INSTRUCTIONS

I think that it is helpful to show the NJTransfer website, www.njtransfer.org. Once at that website, please click on Find Course Equivalencies, this will bring you to a new screen.

At the new screen, under Transfer From, click on CCC, and under Transfer To, click on either All Institutions or one particular institution of your choice, then click on SUBMIT. At the next screen you will be prompted to enter the course ID, enter MTH107, MTH111, MTH122, MTH125, MTH140, or MTH150 then click GO.

You should be able to view the transferability of CCC's:

MTH107 Math for Liberal Arts
MTH111 Intro to Statistics
MTH122 Applied Calculus
MTH125 Accelerated Precalculus
MTH140 Calculus I
MTH150 Calculus II

to all NJ state colleges and universities.
