

 Good morning and hello from Mrs. Colligan & Mrs. Alcavage

Today's Date: Thursday March 19-20, 2020

 **Where To Find Your Work:** You will use Quizlet & Class Notebook for Science

https://quizlet.com/_5xpjb0?x=1jqt&i=1l3o3p

 **Learning Objectives:**

Science:

- Students will study and learn important science vocabulary related to Earth and Space.
- Students will match correct definitions and words
- Students will identify correct words to go with definitions

 **Learning Activities:**

Science: Please use the flashcards, learn, write, spell activities then play the matching and gravity games on Quizlet for Unit 4 Earth and its Relationship to Space. Take the test and email me your score after day 2. The link is provided above to the study set.

 **How I will see/check your work:**

You will write the words and definitions on a page I create for you in class notebook. You could also create a word document and insert it as a printout (see my screen cast)

 **How We Communicate:** Please email me at tcolligan@wtps.org

 Please visit your special teacher's page on wtps.org
