

 **Good morning and hello from Mrs. Colligan and Mrs. Alcavage**  
**Science for Monday and Tuesday - March 23-24, 2020**

Please copy the learning activities down in your assignment book under the Science section and check it off once completed. This will help you to stay on target so that you don't fall behind.

 **Where To Find Your Work:** : You will click on the link below and watch the Bill Nye video on *The Three Phases of Matter* - [https://www.schooltube.com/media/1\\_6awji9u6](https://www.schooltube.com/media/1_6awji9u6)

 **Learning Objectives:** Science:

- Students will review the three phases of matter: solid, liquid, and gas
- Students will be able to identify examples of the three states of matter in their homes

 **Learning Activities:** Science:

- Write a sentence or two about something new that you learned about the three states of matter from watching the video.
- Identify a solid, a liquid, and a gas in your home other than water and air.

 **How I will see/check your work:** You will write your answers on a page created for you in class notebook or you could also create a word document and insert it as a printout (see Mrs. Colligan's screen cast)

 **How We Communicate:** Please email us at [calcavage@wtps.org](mailto:calcavage@wtps.org) or [tcolligan@wtps.org](mailto:tcolligan@wtps.org) or leave a message on our Microsoft Teams board

 Lesson and activities from the World Language teacher and all your Special Area teachers will be posted on their teacher pages on the district website (wtps.org)

You may also visit Mrs. Fanning's page on WTPS.org if you need to.

Please visit your special teacher's page on wtps.org
