

Washington Township Public Schools Middle School Summer Reading 2017

"Choose Your Own Reading Adventure!"

Attention Middle School Summer Readers and Parents!

This year, incoming 6th, 7th, and 8th grade Washington Township students will choose their own reading adventure by selecting from a list of great reads. The goal of summer reading is to motivate young readers to keep turning the pages of the books they love and ignite their passion for reading. A wide variety of titles have been hand-picked for all types of readers. Whether you love realistic fiction, fantasy, historical, or you are fascinated by food, each reader will be sure to find a book that's just right for their reading adventure.

There are endless studies and research results to prove the importance of reading throughout the summer. While you are only required to read one title, we encourage every student to read more!

By focusing on student choice, we believe that students will begin to develop a better understanding of themselves as readers and ultimately develop a life-long love of reading! Not only is reading an essential skill that needs to be exercised regularly, but reading can add meaning to our lives, whether we are learning new things or connecting to characters and the struggles they overcome.

The assignment sheet explains what you need to complete for your summer reading assignment. The minimum requirement is to read one book from the grade level list of titles and complete the appropriate reflection form. Complete sentences are required. These activities are designed to help your ELA teacher get to know you as a reader and spark great conversations about the topics you experienced while reading.

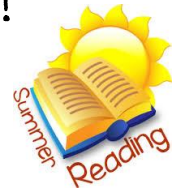

Extra credit is also an option! Your ELA teacher will award extra credit points for completing any of the reading activities listed on the assignment/extra credit page.

Please note that your required summer reading assignment will count as a minor assessment grade for Marking Period 1.

Enjoy Your Reading Adventure!
