February 8, 2021

Good afternoon, Washington Township Staff and Families:

The District has developed a Covid-19 Dashboard, which will be linked from the front page of the District website and on each of the individual school websites and can be accessed [here](#). The dashboard will list the number of new Covid-19 positive cases reported by District buildings each day.

Moving forward, the school and/or District will be sending letters related to Covid-19 only when a situation warrants a school pivoting to remote instruction. Staff and students deemed as close contacts also will continue to be contacted directly. All other positive-case reporting now will be updated and displayed by school and date on a daily basis on our Covid Dashboard. An archive of past weeks, starting with February 8-12, 2021, will be established on the page, as well. This will take effect today, February 8, 2021.

Thank you, and have a great evening.

Sincerely,

Washington Township Public Schools
