October 9, 2020

Dear Elementary Families,

I hope this email finds you and your family well during this difficult time. Communication among administrators, staff, and parents is critical to our common goal of educating our students. A plan for increasing synchronous contact for remote and hybrid students has been shared today with the parents of secondary students. It is important to know, the elementary team continues to actively work to address these same concerns and enhance the educational experience for our youngest learners.

In the next several weeks, you will see a phased in approach to providing more synchronous interactions with our elementary students, as we know this component is essential to the educational and social emotional learning experience. Our elementary leaders have recently completed a survey of our staff and are working with focus groups of teachers to address the varying needs of primary learners from those in the intermediate grades. After these considerations have been made, the plan will be communicated.

I appreciate your cooperation, patience, and support as we navigate through these unprecedented times together.

Thank you very much.

Jack McGee
Assistant Superintendent for Curriculum and Instruction
Washington Township Public Schools
