WTPS Reopening 2020-2021 - Instructional & Transportation Commitment

This form will collect the instructional and, if necessary, transportation preferences that you are making for your child for the 2020-21 school year.

We kindly remind you that we cannot take requests for Cohorts A or B as we need the flexibility to assign them to ensure social distancing; however, we will assign the same cohort to all children located at the same address unless a child receives self-contained special education, is in the English Language Learner program, or Pre-K in which case the child will be assigned to Cohort C. For further details on cohorts, schedule, and transportation, please review the WTPS Task Force – Schedule, Transportation, and UC Account information.

Please note that further communication about changing your preferences once school has started will be forthcoming. Families will be permitted to make a change to their preference for mode of instruction during the school year; however, those changes will be limited and will take at least 2 weeks to accommodate.

We kindly request that you complete this survey for each child attending a WTPS school. This survey will collect information for your participation is greatly appreciated!

How would you like to receive instruction this year? *

I would like my child to receive in-person instruction. (Cohorts A, B, or C)

I do NOT want my child to receive in-person instruction. I would like my child to receive all instruction remotely. (Cohort R)

You've selected that will receive in-person instruction this year. Which of the options below is your preference for transportation? *

I will waive my child's right to transportation for this year or until social distancing is no longer necessary. (Parent will arrange for child's transportation)

I do NOT waive my child's right to transportation for this year. I am requesting bus transportation. (Please choose this option if your child needs transportation regardless of Cohort and/or if you can only provide transportation for your child one way (to or from school), but not the other)

My child is a walker and does not need transportation.

Agreement

I understand that the District cannot take requests for specific cohorts. I also understand that I will be permitted to request a change to my preference for mode of instruction during the school year; however, those changes will be limited and will take at least 2 weeks to accommodate.
