My most embarrassing moment at WTHS was freshman year @ practice, Joe Caltibiano shoved me in a trashcan and I couldn't get out.

Name one person, thing, and appliance you would bring to a deserted island.

Mrs. Renzetti had the biggest impact on my high school career because she was always there for me and had such a good personality.

Definitely meeting for dance practices and getting the party room at Nifty Fifty's! All the girls are so much fun and I'll be really sad when it's all over.

Bridget Bollendorf

What is your favorite pick up line?

Hey I'm Bridget, do you know who my dad is?

Mr. Bollendorf...MY DAD! I love seeing him in school everyday, and it helps to have him there when I forget my lunch money.

Who in your life has had the biggest influence on you and why?

My sister Caitlin, because she is the bravest and happiest person I know.

If you could bring one person, thing, and appliance to a deserted island, what would it be and why?

I wish everyone would just love each other<3

What advice would you give to underclassmen about high school? About life?

Live it up! Do not get sucked into drama. Find your true friends and stick with them. Do not waste a single second in a petty argument. Life is too short and high school is even shorter; it flies by so make the most of every day. Get involved, stay busy, and have FUN!

Who in your life has had the biggest influence on you and why?

My mother. She does anything and everything for me. There is no way I would have made it to my senior year without her being there for me. Although we're arguing 90% of the time, she does it all for the best.

What is one thing you can not live without, why?

COFFEE. I would become relatively narcoleptic without it.

Victoria Collins

Jordan Cotter

If you could pick anyone beside yourself to win, who would it be and why?

I just try to have fun, get involved and encourage other people to get involved, high school is all about experiencing everything and having fun with it!

"I wish I could bake a cake filled with rainbows and smiles and everyone would eat and be happy..."

Get out there, try new things, and meet new people. The more you do, the more fun you are going to have. Don't get sucked into drama; it's never worth it. Don't sweat the small stuff. Always BE YOURSELF!

Who in your life has had the biggest influence on you and why?

I would never be who I am today without my family. They calm me down when I am going crazy and cheer me on when I am doing well.

What has been the best part about being on the 2008 Homecoming Court?

The best part about being on the 2008 Homecoming Court is sharing a special bond with the other girls. Going out for breakfast, all our dance practices, and having our escorts making us laugh all the time. This has been such an awesome experience, and I'll remember it always. I love you guys!

If you could pick anyone beside yourself to win, who would it be and why?

Bridget Bollendorf is one of the sweetest girls I know and no one deserves it more!

What has been one of the most memorable aspects of you high school experience?

Class Council, being a part of something that does so much for other people is great.

Everyone became so close and I wouldn't want to start my day with anyone else! CC09<3

What advice would you give to underclassmen about high school? About life?

Don't take a second for granted in high school, get involved as much as possible, go to all the dances and the games. High school is only what you make of it. In life, work hard and always remember to laugh.

I just met her this year, but Mrs. Sandusky makes my day so much better. She is always so pleasant and you can just tell she loves what she does.

Just being goofy with everyone at dance practices. All the girls and escorts are awesome, I never want it to end! =(

Collette Mullen

Why do you best represent WTHS?

I feel I have taken full advantage of the opportunities offered to me as best I could. Township has shaped me with the various things it offers, and I hope to have left my own mark on the school. I have shared time of both panic and success with students and teachers, while clubs have given me the chance to become a part of the community.

What is your favorite pick up line?

"I wish I was your derivative so I could lie tangent to your curves."

What advice would you give to underclassmen about high school? About life?

Take advantage of the good opportunities that come your way and don't be afraid of failing. Usually the reward is many times greater than the possible negatives.

What teacher or faculty member has made the biggest impact on your high school career and why?

Mr. Wright has been a constant inspiration to me and working with him has always been a pleasure.
