

Meet your Speech Therapist

Miss Parker

ABOUT ME

My name is Gina! I grew up and attended Washington Township Public Schools. I went to Stockton University for my bachelor's degree in Speech-Language Pathology & Audiology. I obtained my master's degree in Speech-Language Pathology from Gallaudet University, a school for the Deaf, in Washington, D.C.. I still have a fond love of American Sign Language & Georgetown Cupcakes.

This is my fourth year working at Whitman Elementary School. I am most excited for this school year because I'm getting married on October 20th! My new name will be Mrs. Marucci, so don't be alarmed if you see a name change on any of your child's speech paperwork.

I am so thrilled to be working with you this year to help your child in Speech & Language Therapy. It is going to be another great year in speech & language therapy. This year I have a game-themed therapy room because "it's all fun and games in speech". Don't worry we'll mix in a bit of hard work and practice too!

Please keep an eye out for "Speech Homework" that I'll be sending home throughout the year to be completed for extra practice.
