Dear Bulldog Families and Staff,

You may have been aware of two ambulances in front of our school today, or perhaps your child told you about them. The first ambulance was summoned to Bunker Hill to assist one of our substitutes who has a previously existing medical condition. He was evaluated by our nurse, who contacted the family. As a precautionary measure, the family requested he be transported by ambulance due to his aforementioned medical history.

The second ambulance was called shortly afterwards due to a student who was experiencing episodes also due to his existing conditions and history. Consequently, that ambulance was called as a precautionary measure as well in order to ensure his safety.

Thank you for your understanding in the matter. Although these two calls happened in a short span of each other, they were unrelated to each other. Should you have any additional questions, please don't hesitate to reach out to me or Dr. Muscelli either via email or phone. Have a wonderful night.

Sincerely,

Mike D'Ostilio
Principal
