

## Camden County College (CCC) – High School Plus Program – Math Courses

Our school has partnered with CCC [www.camdencc.edu](http://www.camdencc.edu) to offer dual credit for courses taken at our high school. The college has designated a number of courses that will be awarded dual credit (high school and college) upon earning a final unweighted grade of 85 or higher. CCC designates registration procedures, pricing and deadlines. This information is shared with students in the fall and winter by eligible classroom teachers and our WTHS Counseling Webpage. For transfer questions, see your counselor and visit [www.njtransfer.org](http://www.njtransfer.org) to determine how a CCC course may transfer to NJ Colleges and Universities.

WTHS TEACHER	WTHS Course#	WTHS Course Title *denotes weighted course	CCC Course #
Mr. Faust	509	Intro to Comp Science *	CSC 122
Mr. Faust	348	AP Comp Science Java *	CSC 161
