PARTICIPANTS – PARENTS – INSTRUCTORS

Air conditioning is not available during the summer months for the Parks and Recreation programs being held in school facilities. It is too costly for the school district to turn on central air conditioning units for the use of only a few rooms for a couple of hours a day. CHEERLEADING PROGRAMS

SUMMER CHEER CLINIC

AGES 5-14

Whether you are new to cheerleading and want to learn the basics before the season starts or you are a returning athlete hoping to improve skills, this is the camp for you. Taught by Washington Township Youth Cheer Association coaches, participants will learn some football cheers, proper stunt techniques, and how to jump. For cheerleaders who will be joining WTYCA for the first time in August, this camp will help them be familiar with the words and movements of cheers and how to stunt – working together to lift a flyer in the air and bring her safely back to earth. For more experienced cheerleaders, the camp offers the chance to perfect their skills and possibly try a new stunt position. Only equipment needed are sneakers, shorts, and a t-shirt or tank top that is not too loose and hair should be pulled back. Participants should also bring water. Cheerleaders will be grouped by age.
