

## **WT Soccer's Spring Intramural Program is on!**

WT Soccer is pleased to announce that we will be providing a Spring Intramural soccer program this year. This will be similar to our Fall Intramural program, except that it will just be games only.

Teams will be formed based on enrollment, with ages from U8 up to U15 (birth years 2009 thru 2016).

It will be a 6-week season, from April 7<sup>th</sup> thru May 19<sup>th</sup>  
(games will be played on Sunday).  
No standings will be kept. No playoffs.

The goal of this new program is to provide TWP residents with an opportunity to continue to play soccer in the spring without the pressure of committing to the demands of a travel team.

**Registration is open now thru April 1, 2024**

**The cost for Spring Intramural Soccer is \$50**
